On behalf of the Sawyer Park Foundation
and E.P. "Tom" Sawyer State Park
you are invited to our Open House.

Louisville's Newest Tradition

Open House
September 22, 2009
4pm-8pm
2201 Lakeland Road, Louisville

E. P. "Tom" Sawyer State Park has an addition to its beautiful natural areas and energetic recreation facilities. This 570-acre state park has constructed an 8,066 square foot community center at the south end of the park. The community center is ideal for business retreats, wedding receptions, social events, and community programs.

The Community Center was the desire of Ms. Jean Sawyer Hayes to honor both of her wonderful husbands. The Commonwealth of Kentucky agreed to a $1 million dollar match with Ms. Sawyer Hayes. Under the loving eyes of the Sawyer Hayes Family, the insightful advice of the Foundation and the diligence of the Commonwealth this incredible building was completed and held it's first event on May 30, 2009.

Come and experience for yourself the serene environment that nature originated, Bravura Architects designed and Crossroad Construction built.
