Additional information

The Sunrise Tour will have us setting out before the sun comes up to begin our journey at the roosting site. We will watch as the sun rises and thousands of cranes take off for the nearby cornfields. We will then travel to the cornfields for a closer look.

The Sunset Tour will begin by viewing the cranes in nearby cornfields and will conclude as we watch the sun set over the lake and watch and listen as the cranes return to the roost to settle in for the night.

Notes on Tours, Fees and Lodging...

Field trips can take place under extreme weather conditions, including rain, snow, and gusty winds. If we feel it is necessary to cancel field trips due to unsafe circumstances, every effort will be made to reschedule your party for another trip. If this is not feasible, a refund of the tour portion of your registration will be given. Your registration fee does not include lodging.

Comfort Zone

To make your trip more pleasurable and memorable, we recommend you bring the following items: Hiking boots or comfortable walking shoes, gloves, rain gear, thermal underwear, warm headgear, clothes to dress in layers, earmuffs and/or scarf, binoculars, camera, etc...

Average Temperatures: Normal High: 47°F Normal Average: 37°F Normal Low: 27°F

Notice - *The dates selected are based on historical records under normal weather conditions in January and past trends of the crane's arrival to this area. Please be aware that this narrow window of opportunity can vary by several days based on weather and the crane's migration schedule.*
