Columbus-Belmont State Park

270.677.2327

This scenic park perched on bluffs above the Mississippi River was the site of a Civil War fort used by both the North and the South. Blending into the natural surroundings stands the conference center which offers event and meeting space for weddings, receptions, special dinners or corporate meetings. The beautiful interior has a reception area with hardwood floors and a stone fireplace that is a mutual meeting place for the activities room and conference room.
