Considered by many to be the crown jewel of the Kentucky State Parks system, the lodge was designed by using a post-and-beam wood construction of Western Cedar, Douglas Fir and three and one-half acres of glass. The park's outstanding fitness center, with an indoor pool and glassed-in racquetball court, along with the 18-hole Boots Randolph Golf Course, offers your guests plenty of recreation after the meeting ends for the day. The convention center, adjacent to the lodge, offers beautiful pre-function space for registration and a large meeting room with windows to capture the great outdoors. For smaller meetings or special events, two smaller meeting rooms with balconies are located in the main lodge building.
